Chair, *Education and Skills Panel*, The Pre-Distribution Agenda, University of Oxford, 2014

Consultancy For regional and local governments, a healthcare trust, and charitable foundations:

- A criminal justice system-wide strategy to reduce youth crime and incarceration;
- Options for integrating health and social work/care services, for adults and children;
- A review of preventative interventions and employment programs for adolescents;
- A review of the causal effects of early childhood education and parenting programs; and
- An analysis of the market for social impact investment ("pay for success") in youth services, and business models for non-profit youth service providers.
